Storm Shelter Unavailable Due to School Remodeling Project

Residents of Carlisle and especially those residents, who live in structures without basements level spaces, such as mobile homes, are forewarned that the lower level of the Carlisle High School gymnasium will not be available for use as an emergency shelter during the 2009 storm season due to the high school remodeling project. Residents, especially those who live in structures without basements, such as mobile homes, are urged to make arrangements as soon as possible with friends or relatives who do have basement spaces, for emergency shelter during the 2009 storm season. The lower level of the Carlisle High School gymnasium will again be available for use as an emergency shelter after the high school remodeling project is completed. For additional information on storm preparedness, go to <http://www.bereadyiowa.org/>.
